Please indicate how you would like to pay by checking off the appropriate box below:

- By Credit Card – Once your application has been received and reviewed, you will receive an online invoice to remit payment.
- Cheque (made out to the BC College of Oral Health Professionals)

Attestation

- I wish to have my facility confirmed for compliance so that I may provide deep sedation/general anesthesia services. I realize the confirmation of compliance process is designed to verify the presence of required equipment, drugs, protocol, and trained staff only, and is not meant to be an endorsement of any particular operator, facility, or anesthetic/sedation technique.
- I have read the standards and guidelines from *Deep Sedation Services in Dentistry (Non-Hospital Facilities)* and/or *General Anesthesia Services in Dentistry (Non-Hospital Facilities)*, and I have constructed and equipped my facility in accordance with the facility requirements (staff, equipment, armamentarium, drugs and etc.) set out in the respective Standards and Guidelines.
- I confirm all medical devices are inspected/serviced by a registered biomedical engineer or biomedical technologist, as described in the Standards and Guidelines. CDSBC does not verify independent biomedical engineers or technologists' qualifications. Facility owners are responsible to ensure only qualified personnel inspect/service medical devices.
- I am aware that it is against regulations to administer general anesthesia and perform dental treatment on a patient concurrently.
